SUMMARY

Dynamic and motivated Computer Engineering student with a strong foundation in Android development and full-stack web development. Proven ability to design and implement innovative solutions, optimize user engagement, and enhance team productivity. Skilled in rapid learning, effective communication, and software development best practices. Seeking to leverage technical skills in a challenging role to contribute to innovative projects.

WORK EXPERIENCE

AI/ML Intern, Internpe
Jun 2024 - Jul 2024

Developed and implemented machine learning models for prediction systems.
Collaborated with cross-functional teams to integrate AI solutions, resulting increase in data processing efficiency.
Conducted data analysis and preprocessing, improving data quality and model performance.

Android Development Intern, Augmetic Infinite
Apr 2024 - May 2024

Designed and developed Android applications, improving user experience and functionality.
Worked in refining user interface designs, enhancing user engagement.

EDUCATION

Bachelor of Technology in Computer Engineering
Charotar University of Science and Technology (CHARUSAT)

Sep 2023 - Present

Diploma in Computer Engineering
C.U. Shah Polytechnic, Surendranagar

Gujarat Technological University (GTU)

Oct 2020 - Jul 2023 | CGPA: 9.70

Secondary School Certificate (SSC)
Ultra Vision Academy, Surendranagar

Apr 2019 - Mar 2020 | Percentage: 87% | Percentile Rank: 99.27

SKILLS

Technical Skills: C, C++, Java, Python, MySQL, Android Development, Data Structures and Algorithms (DSA) in Java, Operating System Basics, Networking Concepts
Soft Skills: Effective Communication, Rapid Learning, Team Collaboration, Project Management

Projects

Gigglychat: A web-based chat application using Django, integrating NLP for multi-language support.
Trip Planner: A travel planning website with personalized suggestions, built using PHP, HTML, CSS, and MySQL.
Weather App using API: An Android app displaying weather data and forecasts, developed in Java and XML.
